“ We met Ez through the highland community. I believe we originally met him at the Royal Winter Fair in Canada and then often renewed our friendship at various shows across the United States. He was a generous, happy man who was always ready to share a laugh or some wisdom. I remember one highland banquet where he literally gave Catie the shirt of his back (a coveted green EZ Acres T-shirt) it was special then and is even more special now. We can still hear his infectious laugh whenever we think of him. We are so sorry to hear of his passing, he will be greatly missed. Our thoughts are with his family and friends.

“ *My deepest sympathy to all of EZ Braun's family. Thirty years ago, my first Highland cattle came from his herd at EZ Acres farm, with some of that gene pool still present at Prairie Fork today. Over the years EZ trucked draft horses from Canada, sheep from New England and cattle from Colorado to my farm here in Ohio. I will miss my friend and all he did for me and for the advancement and conservation of the Highland Cattle breed.*

“ *I met EZ about 12 years ago when I began using his Highland Cattle in my Scottish Haggis, the national dish of Scotland. In EZ, I met an energetic man with the enthusiasm of a teenager. I instantly found a fellow traveler and a role model. We enjoyed a lot of long conversations and shared our adventures in our lives. He was a loyal friend who was always looking out for others. I will miss him and have memories of drinking coffee together as we talked about the beautiful Scottish Highland cattle he was one of the premier breeders of. I will sure miss that wiry and full of energy old friend I was blessed to have as a friend.*
