“ Sorry for your loss, remember all the good times you shared with him. Your family is in our prayers. Paul and Joyce Knueve

“ I worked for Al two summers ('88 and '93) - he let this city slicker work for him and I really appreciate it!!! I learned so much from him - Geno - Porky - Orie and the rest of the crew. Al was always as very straight forward and called a spade a spade (if ya liked it or not - LOL). I still go by places and say “i helped pour that basement” or “I helped pour that sidewalk.” He’s gotta be having an awesome party with Polly, his Brothers, boys, family and friends!!!

“ On Dec. 4, 1982 my husband Tom and I started to dig our basement on our new house. Al was there every minute to make sure it was right for his concrete. It was 70 degrees that day and he said to dig faster because it was a perfect day for concrete. He watched everyone to make sure it was perfect. He was so nice and kept us involved in everything. Such a nice man. Rest In Peace Al. Diana Finkelmeier

“ I grew up as a friend of Porky and spent a lot of time at Al and Pollys house. I worked with Al and Porky, Gene and Red from the Summer of 82 until I left for the Navy in 84. Al was a hard working man, a very fair boss and very caring person. I learned a lot about doing something right or not doing it at all from him. He left his mark in this world and I'm better off for knowing him. God rest your soul and may God bless his family.

“ So very sorry to read of Al's passing! I worked with Al and his company on several projects for Moulton Gas Service, Inc. He was a sweet man with a great sense of humor! When I left Moulton Gas, he came to visit me at Ferrellgas....wanted to tell me of his retirement party with a belly dancer. He said he enjoyed it so much he wanted to go back to work so he could retire again! I would stop by and talk to Polly...she made the best chocolates!! A very special man and a wonderful family...Al left his mark and will be truly missed!! Rest in peace, sweet friend!

“ At one of our children's graduation parties Al was asked if he had ever poured a basement out of square. He rubbed his chin, got a silly grin and said yeah. They let all the contractors know about it and they all compensated for it and the owners never knew.

“ *I worked for Uncle Al & Porky for 15 years starting in 1985. Seven years full time and 8 years part time. I had a ton of respect for him and learned so much from him as well as my dad (Gene) pouring concrete. We worked hard and played hard. The memories are endless but my favorite is Uncle Al in his hard hat with a big smile and chew running down his chin.*
