“ I used to bowl with His son Kraig in junior leagues and when I would come into the alleys sometimes during adult leagues his dad would be bowling. He had the rough exterior but he would always take time to talk to and help the junior bowlers. He was one of the adults that made me want to be in the league. He will be missed.

“ Known Dave since age of 13! We both shared a love for bowling through the years and many beers, too! Will miss him immensely, his wit and dry sense of humor. Pray that you will find peace and comfort in your many wonderful memories. R.I.P. old friend

“ *Dave took me under his wing back in the early 80s and taught me the game of bowling. I still remember to this day him telling me when I got frustrated over loosing a match, that guy I lost to threw a million more balls down the lane than I did. It drove me to get better. Dave taught me a little bout the building trades that allowed me to do things for other people. As we got older, our lives took different paths, but I will be forever grateful for everything Dave taught me, and most of all our friendship. Gonna miss you pal!!*

Rest In Peace

“ Our deepest sympathy to all David’s family and friends. I have many wonderful memories but the one that makes me smile is when Dave was going to take his first drivers test. At the time I owned a Chevrolet Corvair. Dave asked me if he could drive my car to take his test! He said it would be easier to park. Well of course I said “yes” and Dave took his test.
