“ I just want to express my sympathy to the family. I was fortunate to be able to be a part of David's life as a support staff at the group home. David was always sweet and gentle and an all around loving guy. After being a caregiver for him for 8 years, I feel like he was family to me. I am glad I was able to help care for him in his final days and know that he was comfortable and well taken care of. He will always have a special place in my heart.
