“ Bowersock family and friends, I am very sorry to hear of the passing of your mother. If the definition of thoughtful, caring, loving and nurturing don't include in its narrative the name Dorothy than there are no such words as she was all of these and then very much more. She will be sadly yet happily missed. It will be difficult to remember all of the great things she did and the thoughtfulness in every birthday and holiday greeting she sent never missing one, the time she gave to those in her community and of course raising a proud family that will continue her good will and blessings to others with what she has so graciously blessed all of us with. There are as I said so many things to remember it is difficult to remember them all, yet all things remembered will be the very things I will continue to celebrate her life with and what she has given to so many. It is within these memories that bring the happiness I know all will remember her by and hence she will be happily yet sadly missed. I am writing to you because I will not be able to be there to say goodbye, my sympathy and heartfelt sorrow is with all of you as you celebrate the life of your mother. I don't have the addresses of everyone and would like them in time, but for now if you can share this with them letting all know my thoughts and support albeit from a distance I would be grateful. In closing please know that Brenda expresses her deepest sympathy and Traci only meeting your mother once is sorrowful and is thinking of all of you as well. All my love, Charlie
