“ I’m just now hearing the sad news having left the area over a decade ago. I worked with Ellie for many years and have never known anyone who cares so much for her family, employees, and community as she does. She understood how much her role impacted so many lives in her community, but also around the world as the products Schnipke Engraving makes are in devices used for life-saving surgeries around the world. Ellie is a quality lady who ensured quality products. No doubt the Good Lord has already welcomed her into His kingdom, and that her legacy will inspire young women and all who interacted with her.

“ All of us at GW Plastics who knew Ellie over the years are deeply saddened by the news of her passing. She was a servant leader, a compassionate person, and a wonderful friend. We will miss her infectious laugh and good cheer. We will not be the same without Ellie in our lives.

Our deepest sympathy to Ellie's family. May Christ give you comfort during this challenging time.

In sympathy,

Brenan Riehl

“ *Ellie was a loving and caring person I was lucky enough to know after being ‘adopted’ into the Halter family a long time ago. She had a lot of love given and received by family and friends. She will surely be missed.*

“ *May the Halter and Schnipke families find peace in their time of mourning. May Ellie's extended family, all the good folks at Schnipke Precision Molding, also find peace, and take comfort in the blessing of having known Ellie.*

“ In 2002 my wife and I lost our jobs in Ottawa, Ohio through no fault of ours. Our government made it easy for the factory we worked at to move to a foreign country. I went 2 years without a job. I was hired in September of 2004 and worked there until retiring last March. I worked for 17 years and I have the Schnipkie family for doing that. Prayers for the family and the entire family upon Ellie passing away. Thank you Ellie so much.
