“ *My Condolences to the Brockman family. I worked with Gary at Cards, from 1979 to 1986 - actually he hired me. He gave me my start in the computer field as I am sure he has done for many. This is an example of how lives cross and move on but yet has a great impact on the direction and outcome of others. You have my thanks for having an opportunity to know Gary and my sympathies for your loss.*
