“ I was a PCA in the PICU at Columbus Children's Hospital when Josh had his accident. I have never known a braver human being than Joshua. I was privileged to help care for him and he has held a special place in my heart all these years. I'm so sad he lived this long only to have cancer take him. But he is in heaven and pain free! God's blessings to his family and friends this holiday season and always.

Sincerely,

“ I was pastor of the New Hampshire Methodist Church when Josh was burned. We sent up many prayers on his behalf. I was so proud of him when he came to our vacation bible school...and I remember him cruising around in his motorized wheel chair with his pals. I always believed that he was one tough kid and all these years later thinking about him can inspire me to get up and keep going. I know God must have given all of you strength and you can trust that He will continue to do so. You are in my prayers.
