“ Aaron and I are so sad to hear of Dr. Jackson's passing. We always loved having him as our dentist over the past 25 years. He was always very funny yet professional. As my mom as one of his dental hygienists, he always wanted to know stories about my mom to tease her with. It was very sweet. Years ago, he passed down one of Evan's golf sets to my boys as Evan grew out of. Two weeks ago, my 2 boys participated in golf camp. My boys used those clubs and my oldest took 3rd place in the camp's competition! He was always so generous with our boys and I will never forget his kindness.

“ Steve and I are so saddened by the news of Dr. Jackson's passing. I am proud to say that I retired from Auglaize Family Dentistry after nearly 20 years of being one of his hygienists. It was an honor to see him work and serve his patients over those decades. He also fostered a caring and team-oriented environment of his staff that allowed me to have many happy memories with my co-workers turned friends. He will be missed by his staff, patients, friends and as a leader in the Wapak community.

“ We will certainly miss Dr. Jackson. On one of my visits to have a chipped tooth fixed, Dr. Jackson asked me how this happened and I told him I was biting a fortune cookie and then he said “ did your fortune say you will be seeing your dentist soon”. I loved his sense of humor!

“ Heartfelt sympathy to family, friends and staff of Dr. Jackson. We were looking for a new dentist a few years ago and decided to try Dr. Jackson. We couldn't have been more pleased to find he and his staff so friendly and caring. I even took my dad last December who is 89 and hates dentist to see him. He was very impressed how he took extra time and the special care he received. Dr. Jackson will be deeply missed. In loving memory of a wonderful person.
