Martha graduated from Wapakoneta High School in 1981. She worked at Auglaize Acres for 18 years in the environmental services department. She was a true flower child at heart. She devoted her life to her children and

eventually her grandchildren. When she wasn't busy working extra hours to support her kids as a single mother she was chauffeuring the kids to everything from sporting events to sleepovers. Somehow when she found time she even enjoyed sewing.

When the time came for grandchildren she didn't hesitate to step up and take a major role in helping to raise them. When she had to quit working it gave her extra time to spend with her grandchildren. The bond she had with her grandson showed when she got ill, he wouldn't hesitate to lay in bed with her to comfort her. The grandchildren loved expanding her turtle collection with new ones they found her from all over.

She was just as devoted as a friend. She never had that much but that wouldn't keep her from giving the shirt off her back to someone in need. Most recently she had given up driving and enjoyed letting her daughter drive her around with her granddaughters to take her everywhere she needed to go. Sometimes they would just go for a ride for enjoyment and walk around the store for hours. She also enjoyed classic black and white movies, and cartoons and Wii with her granddaughter.

“ I don't know if you can still leave comments and memories But.....it's been over 3 years and i still find myself grabbing the phone to call you when a good movie comes on or to ask you some trivia question about music. i know you come around sometimes, i can feel you in the air. It gives me comfort. I love you and I miss you my friend!
