“ So sorry to hear that Bob has passed. I worked with Bob for many years at Honda, and he was one of the most knowledgeable tooling men ever. There are a lot of people at Honda who are indebted to Bob for his willingness to share his knowledge with them. He had a sense of humor that could have you either laughing until your sides hurt or just shaking your head in disbelief. More than any of that, he was a decent and caring person that would do anything to help you if he could. Bob was truly one of a kind and will be missed by all.
