“ Roger will be missed by a lot of people. I can always remember seeing him painting everything keeping the plant looking nice. When I first started working there I told the person I was working with that Roger and Jackie were hard workers for their age, and that the owner should be happy to have such dedicated workers, my trainer looked at me and said that they are the owners. Knowing that always pushed me to do the best I could.

“ I remember the first time I saw Roger. Bob had called me and wanted to know if I would come and work for him and help him out to run the hospital route. I walked into the office and Roger was sitting in a chair reading a newspaper and was dressed in old work clothes. Bob introduced him as his Father and I told him that I thought he was the janitor. We all had a good laugh about that! I guess, in a sense, he was the janitor/maintenance/painter/do all person. You could see him in the plant any day of the week or weekend cleaning or painting equipment or walls or something. He took a lot of pride in the business and always wanted it to look good. I will greatly miss him.

“ Condolences and prayers for family. Won't be the same knowing Roger isn't wondering around the plant painting something. Though I'm retired as of last year I have many memories of Roger and Jackie through the years. He will be missed.
